

Eligibility

To be a forest producer pursuant to section 120 of the *Forest Act*, you must own a forest area of not less than 4 hectares (10 acres or 12 “arpents carrés”) in a single block, for which a forest management plan (FMP) has been certified by a forest engineer as being consistent with the by-laws of the regional agency for private forest development. The owner of a private woodlot of at least 800 hectares in a single block must also be a paid-up member of an organization for the protection of forests against fire.

Do not forget to attach a copy of the forest management plan(s) for the forest area(s) registered in section 2. Please also enclose a \$20 cheque to cover the registration fees.
