A) USEFUL INFORMATION FOR 2000

1. *Amount of eligible expenses that may be carried forward to 2000.* Copy the data appearing in Box D of the *1999 Monitoring Grid for Amounts Carried Forward*. The "Credits carried forward 8 years" relate to work carried out in 1997, the "Credits carried forward 9 years" relate to work carried out in 1998, and so on.
2. *2000 Forest Engineer's Report.* Box A shows the amount of eligible work for 2000. If you have not carried out any work in 2000, or if you have not obtained a forest engineer's report, enter \$0.00
3. *General Income Tax Return for 2000.* Attachment E, Part C, line 12, shows the amount of paid-up real estate taxes for which a refund has been requested in the year 2000. If you are not admissible or not applying for a refund in 2000, enter \$0.00.

B) DIVIDE THE AMOUNT OF REAL ESTATE TAXES BETWEEN CREDITS AND WORK, USING UP THE OLDEST CREDITS FIRST

Indicate the exact amounts of the credits and work used to calculate the 2000 refund. Begin by carrying forward the amount shown in Part 3 of Box A to the "Total" line of Box B. Then use up the credits and work carried forward, beginning with those that will expire first, i.e. "Work carried forward 1 year", "Work carried forward 2 years", "Credits carried forward 8 years" and so on, until you obtain the amount entered in the "Total" line. If the amount entered in the "Total" line is \$0.00, enter \$0.00 on all the lines in Box B. You must complete Boxes C and D of the grid even if you are not admissible or are not applying for a real estate tax refund in 2000.

C) CALCULATE THE PORTION NOT USED IN 2000

Subtract the amounts in Box B from the amounts in Box A. Enter the results on the corresponding line of Box C.

D) ELIGIBLE EXPENSES THAT MAY BE CARRIED FORWARD TO 2001

- The unused portion of the "Credits carried forward 8 years" may be carried forward for another 7 years, and the unused portion of the "Credits carried forward 9 years" may be carried forward for another 8 years. However, the unused portion of "Work carried forward 1 year" is now expired and cannot be carried forward to 2001.
- The unused portion of the "Credits carried forward 10 years" may be carried forward for another 9 years, and the unused portion of the "Work carried forward 2 years" may be carried forward for another year.
- The unused portion of "2000 work" may be carried forward to 2001. However, you must enter the unused portion in the appropriate box. For example, if you are applying for a refund in 2000, the unused portion of "2000 work" is entered in the "Credits carried forward 10 years" box. If you are not admissible, the unused portion should be entered in the "Work carried forward 2 years" box. If you are admissible but are not applying for a refund, enter \$0.00.
